

# 'How tough is it teaching Primary Science?'

Please take part in this survey now so that your opinions can appear on

[www.britishnucleargroup.com/education](http://www.britishnucleargroup.com/education) in time for the ASE Conference in January 2007.

This survey is your opportunity to share your thoughts with other primary science teachers, get things off your chest, offer tips or express opinions on current trends.

There are 6 topics listed below. Simply add your comments and your details. If you run out of space, please continue on a separate sheet of paper. Put your thoughts in an envelope using the address at the foot of this page. No stamp needed. **The names of all teachers submitting a completed survey will go into a 'lucky draw', with a luxury Hamper going to the first three names 'out of the hat'.** **Closing date for responses is 20th December 2006.**

## Topics

1) The pros and cons of using posters in science teaching. \_\_\_\_\_

---

---

2) The advantages and disadvantages of working with a whiteboard. \_\_\_\_\_

---

---

3) The impact of the Internet on the way you teach science. \_\_\_\_\_

---

---
